ALL Sirius Systems DSL Business Packages include the following:

- SPAM filtering
- Email virus filtering
- Static IP
- **FREE** On-Call **Local** Telephone Technical Support
- 1 **FREE** Unlimited Dial-Up Account

1. Service may not be available in all areas. Actual speeds will vary based on several variables including line condition and length. Speeds are measured from customer premise equipment to our DSL Terminating equipment in our facility.
2. Must be new service. Offer requires a one-year contract. Offer is available for a limited period of time and is subject to change without notice. Early termination fee of \$200 applies if service is cancelled before expiration of term.
3. ISP supplied equipment is required, but may be substituted by customer supplied equipment if ISP approves such equipment. This equipment must be compatible with our system.
4. If line conditioning is required, there will be an additional fee incurred.
5. Internal Networking is available at the rate of \$45/hour. Additional parts or equipment will be billed accordingly.
6. Current rate for domain name registration is \$15/year. Price is subject to change without notice. DNS is Domain Name Service.
